CIL - Reg. 42 Exemption for Minor development: Whilst the development generates a net gain in floor space and is Community Infrastructure Levy (CIL) liable, it is exempt from CIL liability under CIL Regulation 42, as it constitutes minor development for the purposes of calculating CIL liability because the proposed extensions floorspace is below 100 sqm GIA. 2. There is a risk that bats may occur at the development site. Many species of bat depend on buildings for roosting, with each having its own preferred type of roost. Most species roost in crevices such as under ridge tiles, behind roofing felt or in cavity walls and are therefore not often seen in the roof space. Bat roosts are protected all times by the Conservation of Habitats and Species Regulations 2017 (as amended) even when bats are temporarily absent because, being creatures of habit, they usually return to the same roost site every year. Planning permission for development does not provide a defence against prosecution under this legislation or substitute for the need to obtain a bat licence if an offence is likely. If bats or evidence of bats is found during the works, the applicant is advised to stop work and follow advice from an independent ecologist or to contact the Bat Advice Service on 0845 1300 228, email enquiries@bats.org.uk or visit the Bat Conservation Trust website.

Refusal of Planning Permission

To note refusal of planning permission for Change of use of public open space to domestic garden at 10 Conway Road, Eldene Swindon SN3 6BU.

The proposed changed of use and potential enclosure of the land would diminish the experience of using both the path and the public open space, set wider negative precedent for demand for open space development, which will result in degradation and experience of the existing openness and diminished the quantum of available public open space, to the detriment of the character and visual amenity of the area. The proposal is contrary to Policy DE1 and Policy EN3 of the Swindon Borough Local Plan 2026 (2015) and the aims of the NPPF (2019). Informatives 1. This decision is in respect of drawings: Block Plan, Site Location Plan and Supporting Documents received by the Local Planning Authority on the 18 Jan 2021. 2. The development proposed does not constitute Community Infrastructure Levy (CIL) liable development as the proposed works fall outside the 'meaning of development' for CIL purposes in accordance with the Community Infrastructure Levy (England and Wales) CIL Regulations 2010 (as amended) Regulation 6.
